"Curlew" Leaves for Cork

MARION MAN SETS OUT FOR ATLANTIC SAIL

Ted Brainard of Marion set out Saturday, June 23rd, to sail across the Atlantic in his 37 ft. yacht "Curlew", a short rigged Tartan 38. With a crew of three he plans to sail through Woods Hole, down to 40° latitude (to miss the icebergs), then up to Cork, in southern Ireland, within a 21-28 day period.

Brainard is President of ENDECO, INC., an oceanographic manufacturing company in Marion. While at sea he plans to conduct testing on a prototype Free Fall C.T.D., a new instrument that ENDECO will produce and market. This device has the capability of "free falling" at 20 knots to depths of 21,000 ft. to measure Conductivity, Temperature and Depth of the ocean and record into solid state memory and take twelve 250 cc water samples at various intervals during its return to the surface at 2-6 knots for later use to verify the C.T.D. measurements and for chemical analysis.

Dr. David Shonting of the Naval Underwater Systems Center in Newport, R.I., one of the crew, will conduct experiments in acoustic

noise measurements to verify an algorithm between noise and surface wind which could mean that ocean buoys and vessels could measure acoustic noise to determine wind speed and would eliminate the need for an anemometer for wind speed measurements.

Upon arrival in Cork, Brainard will be joined by his wife Liz and sons Ed and David. They are planning to cruise along the southern Irish coast for a week, then sail "Curlew" to Lymington in the south of England where she will be hauled for winter storage. Brainard has a three year plan of sailing in European waters, eventually sailing "Curlew" back to Marion via the southern route hoping to photograph an area of the Atlantic Ridge with a free fall, free swimming photographic vehicle.

HIGH-TECH PARK PROPOSAL EXPLAINED TO RESIDENTS

Giving the background of the proposed High-Tech Park, Steven Reckhow, representative from Southeastern Regional Planning and Economic Development District (SRPEDD), explained the 1½ year effort started with looking at several parcels of land and deciding on the prime area of about 200 acres extending from Route 6 (across from Church Street) to Route 195 to the north, abutting the homes on North Street to the west and the woods of Marion on the east.

The land, he said, is 95 feet above sea

level and contains 150 acres of good, developable land. Reckhow explained there are no other similar parks in the area; New Bedford and Dartmouth parks appeal to blue collar manufacturing; whereas, Mattapoisett's park would be predominantly managerial and administrative.

"We are going to have to address the fact that the land is owned by numerous individuals. We recommend parcels of 50 acres at a time be obtained and that land once approved go for another 50 acre tract." Options the town has to acquire the land is to purchase the entire 200-acre tract by bonding issue or lease the land from the owners at $1.; then, as special granting authority, the Selectmen could negotiate a sale with a developer. Reckhow estimated a $1 million cost for water, sewer and roadways based on today's prices. "We expect the developer will pay these costs."

Reckhow noted water service could come either into the northern section from the North Street water tower or from Route 6 into that section of the tract. Sewer service could be supplied from a gravity collection system to Route 6, then to Oakland Street -- or cut across the land and join the North Street sewer line (this is one of the older lines and would need to be replaced). A third option would be a more expensive one -- the old railroad right-of-

way. A decision would be made once the town knows what companies are coming in, Reckhow added.

Zoning changes would have to be approved, to allow an industrial park. A section of Route 6 is now business; the rest is RR (rural residence). The town must meet all standard criteria, such as sewer service, buffer zone, parking, signs and landscaping.

The representative continued his explanation saying, "the marketing approach will have to be a different one for Mattapoisett -- the aesthetic approach can be used here, because of the harbor a half mile away and the unique characteristics of the town. That's what we're selling," Reckhow said.

Continuing, Reckhow said any employment projection and tax revenues would be formulated over a 20-year period and will develop an impact slowly. With about 4,000 employees and 15 firms this would be translated into $78,000 added valuation and $1.5 million in tax revenues. Reckhow added that the 4000 employees would use about 150,000 gallons of water, 15 percent of the present water output.

Selectman James F. Huntoon noted that Ocean Spray's search for a new World Headquarters site was just a coincidence at this time. "We lost Sippican Corp. because of zoning changes they wanted Mattapoisett to make - they were denied. This is what happened to Ocean Spray; they were turned down for expansion in Plymouth. Ocean Spray's administrative offices would be an asset to Mattapoisett. They have to make a decision in six months time," Huntoon noted.

A complaint was made by Planning Board member Richard E. Chase, who said his committee has never been notified or consulted on the proposal. Speaking to the Selectmen, Chase said, "You have spent $3,000 for a study by SRPEDD, but we were never asked for input until tonight." Selectmen Chairman John N. DeCosta said, "we just received the brochure with the study results tonight, and that's why you're here tonight with other departments to hear the proposal". Other boards represented were the Zoning Appeals Board, Water Commissioners, William Nicholson, Water/

Sewer Superintendent, the Industrial Commission and Highway Surveyor Manuel R. Nunes.

When asked a question about the landowners, Huntoon said, "of the 12 owners, we have received a positive attitude from some of the land owners with the larger parcels".

Huntoon said the High-Tech proposal will have to go to town meeting for voter approval in order to proceed with a marketing plan. He said "we want the town unanimous in wanting this park. We don't want the same problem Dartmouth had with Dysan Corp."

An interested resident, Johanna Duponte of Prospect Road, suggested before going to town meeting, Selectmen prepare an explanation of the impact on the town and its schools, utilities, police department and housing. "This is what the average taxpayer will want to know."

If another incident occurs within the 60 days, the dogs will still be on probation but during that time Oliver will be asked to find other owners outside town. But, if there is another incident, the dogs will have to be disposed of, Selectmen ordered.

The incident, which took place in the woods behind the home of James Sylvia and his son, Todd, resulted in 10-year old Todd being bitten by the dogs. During sworn testimony Sylvia said the attack took place on May 21st when Oliver's dog chased the Sylvia cat up a tree. The cat fell from the tree. When Todd picked up the pregnant cat, the dog bit Todd.

Todd related that the Oliver dogs had never bothered him before. He replied "yes" to Selectman Frank Suzan's question, " was the dog chasing your cat?"

Sylvia said he wants the dog removed so his son can get some sleep and not be afraid to go out to play.

Dog Officer James Caton said there hasn't been any trouble with the Oliver's dogs; "they seemed friendly to me. However, it could happen again if a person is holding an animal," said Caton.

Oliver remarked that he has had the dogs since they were puppies. "I bought them two years ago as guard dogs because my house had been robbed twice. If I have to get rid of them I want them to go to a good home."

Attorney Roy Villela made the statement that if the dogs were restrained properly the attack wouldn't have happened in the first place. "I believe it's incumbent upon you, as the governing body of the town, to keep this from happening again."

Selectman Suzan responded, saying "We have a restraining law, but everyone doesn't obey this law. However, I agree with your right to say this."

As part of the Selectmen's order, the board recommended to Sylvia that he keep his Beagle restrained. Just to keep harmony in the neighborhood, all agreed.

HUNTOON RECEIVES RIBBON

A light-hearted break was taken in the midst of the business session to welcome the Rochester Board of Selectmen who, in good fun, presented Selectman Huntoon with a #1 Blue Ribbon (for horse race winners) and two framed photographs of Huntoon's progress in the June 10 Old Colony Road Race in Rochester.

Rochester Selectmen David Hughes, Chairman; Fred Underhill and Michael Cambra said Huntoon "did an outstanding job; he finished 18th in a field of 45 runners". Hughes commented that Huntoon counted every crack and bump in the roads and kept them up-to-date on the condition of Rochester roads.

Marion Horse Show

38th ANNUAL

One of the biggest area events scheduled for INDEPENDENCE DAY is the 38th Annual Marion Horse Show to be held on Wednesday, July 4th, at Washburn Memorial Park on Route 105 (off I-195), Marion. This Class B Show, among the most popular of its kind in New England, opens at 9 a.m. Exhibitors are attracted from a wide area to compete in the 60 equestrian events for all classes in two arenas.

In addition to the Horse Show, a mini-midway will feature games of chance and skill, tractor rides for the children and popular attractions such as the punch board booth. Food and refreshments will also be available including hot dogs, hamburgers, linguica, coffee, cold drinks and more. Raffle tickets will be sold for over $1000 in cash and prizes.

This is a day in Marion the whole family can enjoy. If you are early enough you can take in the Fourth of July Parade starting at 9 a.m. in front of the Town House on Spring Street. The day-long festivities will be concluded with a Band Concert at Island Wharf starting at 8 p.m.

Admission and parking are free.

BOBOLA'S

CONSTRUCTION CORP.

997-6544 Mattapoisett, Ma.

He has built clocks, instruments that show the passage of time, that run by water, sun, weights, springs, electricity and atomic power.

Early Egyptian water clocks date back to 1400 B.C. Sun dials date to 1100 B.C. and only record the "sunny hours". Weight driven clocks were first used in 1200 A.D. and rank a bell at designated periods. Spring wound clocks appeared around 1400 in Italy and have changed little since 1700. Modern electric clocks time our waking and sleeping hours. They alert us to get up and start the coffee maker before we are up. They tell us when to take dinner from the oven and automatically turn lights on and off.

Clocks tick-tock, chime, bong, ding and coo-coo. Clocks have hands and faces. Their faces are adorned with numbers 1 through 12 or Roman numerals I through XII. Some, in place of numbers, have dots, or flowers, or ducks .... use your imagination. Then there are digital clocks that show the time as 9:45 and even the date as 6:27!

There are grandfather clocks, grandmother clocks, banjo clocks and watches. Watches can be worn or carried but a clock must be level to keep good time. Ship's clocks are called Chronometers and divide the day into 38 hour periods.

Some clocks run but never show the correct time...some don't run at all and are correct twice a day! Atomic clocks gain or lose seconds in 100,000 years.

Have you seen a stocking clock lately? Lady Diana has them.

So do stop in at the Museum, corner of Church and Baptist Streets, this summer and see the clocks and all the other interesting permanent displays. The Museum is open Tuesday through Saturday from one to five o'clock.

The Coast Guard Auxiliary will supervise the lining up of the boats for the procession of the fleet. Local lay people and the clergy of St. Rita's Roman Catholic Church, the First Congregational Church, St. Gabriel's Episcopal Church and the Marion United Methodist Church will participate in the brief service which will be concluded by the procession of boats heading into the harbor.

Mr. Rick Angle will host the event on Longwharf and provide an altar in the form of an overturned Sailfish complete with a cross and flags. Mr. Angle will also provide an electronic organ to be played as an accompanist to a selection of hymns, including the Navy Hymn, which will be sung by massed choirs. The choirs will also sing an anthem as an offering is received, the proceeds of which will be shared by the four congregations.

The four churches will provide chairs and refreshments for those participating both on land and sea. The package of refreshments furnished the boaters will include a sheet

are Joshua Pond, son of Mr. and Mrs. Richard Pond, 375 Neck Road, Rochester, and Margaret Watjen, daughter of Mr. and Mrs. Kenneth P. Watjen, 4 Tupola Lane, Mattapoisett. They will study life sciences with emphasis on the anatomy, physiology and ecology of coastal and estuarine plants and animals.

Both seventh grade students at Old Rochester Regional Junior High School, they are members of the National Honor Society, the Uplift Enrichment Program and the Art Enrichment Program. In addition, Joshua is a member of the Drama Club, the Video Taping Group and participates in intramural sports and the Ski Club. Margaret is on the staff of the Natural Gas Newspaper and is active with the Band, the Ski Club and Girl Scouts.

Mattapoisett Land Trust, a private, non-profit, charitable organization, was incorporated in 1974 for the purpose of preserving open land and educating the public about the wise use of natural resources.

Legion Clambake

The Florence Eastman Post 280, American Legion will hold its annual clam bake at the Holy Ghost grounds on Park Street, Mattapoisett on Sunday, July 15th, at 1:30 p.m. Tickets may be obtained from John N. Decosta, 758-2310; George White, 758-2721; Elmer Sylvia, 758-3309; or any Legion member.

John N. DeCosta, Bake Chairman

For Marion People Living Alone

DAILY CONTACT

Even in friendly Marion, busy individuals who live alone are in a unique type of risk. Someone will be immediately alerted if calls to a shut-in receive no response, but when a happy, active person does not answer the phone, even friends and relatives are not concerned. They suppose meetings, recreation or time spent helping others must be the cause.

However, this seemingly indomitable human may be suffering from illness or accident and cannot answer the phone. Such a situ-

Hopefully, the answer is Daily Contact, a system being presently arranged. Daily Contact is simply a daily check-in, a brief exchange of information at a prearranged time. It is understood that neither the caller nor the recipient has time for conversation except in explaining a problem.

Lying helpless, unable to make a call, one would find comfort in knowing that at a definite time the phone will ring and that if it is not answered, some conscientious, caring, and capable person will act in an appropriate manner. Help will come.

For further information please give your name and phone number to the FISH Answering Service at 748-1414.

Plumb Library

A very special thanks to the Cubs Little League coaches and baseball team for their hard work in helping make our Book Sale so successful. The hours they spent in working to get the books out on the library lawn along with the book sale committee made this year's sale the most successful yet.

Thank You

We would like to express our sincerest appreciation to the Mattapoisett Police

Mariner Soccer

Mariner Youth Soccer Club entries in the under 10, under 12, and under 14 age groups of the South Coast Soccer League (SCSL) won their respective divisions and will represent the SCSL in the Massachusetts State Tournmane in Bridgewater over the weekend of June 23 and 24. If victorious on Saturday they proceed to the semi and final matches on the 25th and 26th.

Look for the results of our teams' initial involvement at the State level in the next issue.

Crescent Beach Whist

The Crescent Beach Improvement Association will hold its first Whist Party of the season Thursday, July 5th, at 8:00 o'clock p.m. at Raymond Hall. During July and August, the Association sponsors these parties every Thursday night to raise funds for the maintenance of the Beach area.

There may be no "Megabucks" or "Wingo" but there are many door prizes and game prizes donated by local merchants and beach residents. Admission is $1.50.

Come, make new friends, meet old friends, drink cool lemonade and have fun!!

Seaside Feeling

"We've got the Seaside Feeling deep in our hearts", as the song goes, and as it was so true on Friday, June 15th, the last day of sessions at Seaside School in Marion.

Many were the hugs, the kisses and tears as Margaret DeCosta (Director) and Nancy DeCosta (Teacher) bade a farewell to their graduating pre-schoolers, diplomas and pencils proudly in hand and a good luck in kindergarten in September.

The mothers of these many graduating preschoolers express here our appreciation to Margaret and Nancy for the care, love and discipline taken in preparing these children for the rigid world of the public school systems which they will be joining in September.

The Seaside School will be celebrating its 45th anniversary this coming year and we all wish Margaret and Nancy a mighty congratulations! We all truly have the Seaside Feeling deep in our hearts.

This was a highly successful feature of last year's fair - some high bidders went home with real bargains while others went away with smiles and thinking of ways to use those old railroad spikes and authentic Maine rocks!

For small fairgoers there will be the midway and balloons. The toy box will offer good used toys at bargain prices. There will be tables featuring food, candy, sewing and craft items, books, plants, fresh freezy fruit (fruit cups), grabs and white elephants. There is something for everyone.

New Organ Arrives

- PHOTOS, DCJ

St. Philips, the little church beside the Mattapoisett Town Beach, will start out on a new note this summer season and a glorious string of them to follow. St. Philips, now in its 100th year, has a new solid state Hammond organ delivered last Friday as Morgan Plummer

and Ruth Morley admire its appearance at the church entrance. A short time later Ruth Morley tried it out in its new setting and the rich sound filled the structure as if from a huge pipe organ.

Mrs. Morley is the great granddaughter of the first rector, Andrew Oliver, and Thomas Parsons, the first organist, was great

NEW LISTING

On Beacon Street in Mattapoisett Village, this charming older Cape is offered for sale. Built by a master craftsman, some exterior maintenance and interior decorating is needed to return this home to its former excellence. Nine rooms include: 2 sunrooms, 3 bedrooms, living room with fireplace, newly cabineted kitchen, dining room, sewing room and 1 1/2 baths.

A well landscaped lot is divided into a formal privacy area as well as an open play/garden area. A sturdy barn/workshop with loft area and frontage on Foster Street is a unique feature of this outstanding property.

A most attractive home in a desirable Village setting. An Exclusive Listing reasonably priced at $125,000.

Family Outdoor Center members or nominal fees to reserve courts in advance for both members and non-members.

Offered this summer will be youth and pre-school swim instruction, and water aerobics, exercises conducted in the pool for swimmers and non-swimmers. Instruction in the fundamentals of tennis will be conducted for both youth grades K-8 and adults on all skill levels. For the active person, Aerobics-in-Motion, Aerobex, fitness walking and a biking club will provide a summer of fun and exercise.

Adventurers and sailing enthusiasts will enjoy an introductory sailing class for beginners. The six-hour program will cover the basic techniques, terminology, navigation skills, safety and rules of sailing. The course instruction is accredited by the American Association of Basic Sailing and conducted in conjunction with Sea Coast Sailing School of Fairhaven. Windsurfing clinics will also be offered.

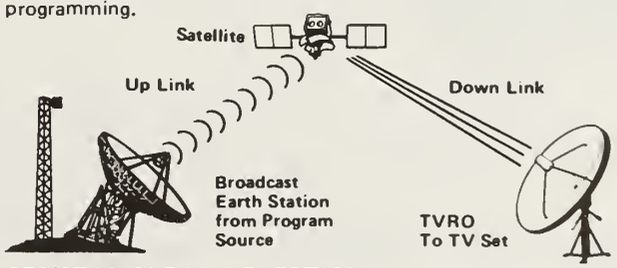
Channel Master®
Satellite Earth Stations
for the home

A TVRO (Television Receive Only) earth station receives and utilizes TV microwave signals broadcast by domestic communications satellites. It collects these signals with a dish-shaped antenna, then feeds them through a series of electronic components to an ordinary TV set.

SATELLITE TV – THE PERFECT SOLUTION FOR THE HOMEOWNER WITH DIFFICULT TV RECEPTION PROBLEMS.

You'll get hundreds of hours of unique and exciting programming every week. More news, 24 hours a day, live while the action is hot. More sports, with exclusive live-action coverage. More movies, more specials, religious programming, educational, cultural, the variety is absolutely incredible. There are 11 U.S. satellites broadcasting video programming on dozens of channels—the only problem with satellite TV is deciding what to watch!

Note: Some programs require viewer fees and/or permission to watch. A complete listing of program contact personnel and their addresses is available from your Channel Master Dealer or from Channel Master, Division of Avnet, Inc., Ellenville, New York 12428. This equipment is for authorized reception of satellite video programming.



CRYSTAL CLEAR RECEPTION

Not only does satellite TV bring you an incredible variety of programming, it's also amazingly sharp and clear. Picture perfect, like a studio monitor, satellite TV comes direct from the studio, to the satellites to you—without interference or interruption—and at less than the cost of a new compact car!

LLOYD CENTER SUMMER HOURS

The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth, is pleased to announce its summer hours.

The Center's 55-acre property is located on the Slocum River estuary, with a spectacular view of Buzzards Bay and the Elizabeth Islands. Four walking trails enable visitors to stroll by or through varied habitats including salt marsh, maritime forest and wooded wetlands. The trails are open to the public every day from dawn to dusk. The Center's administration building is open Tuesday - Sunday, 9:00 a.m. to 5:00 p.m.

WILDFLOWER WALK

It's time for the July 8th Wildflower Walk, Sunday, at 1:30 p.m. at the Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth. Staff member Marie Arnold will lead the walk.

For more information and to register call the Center at 990-0505. There is no charge.

We will meet at the Lloyd Center and explore the wooded and meadow areas close by. Participants will have the opportunity to learn not only wildflower names but what makes each species different from the others by closely observing the petals, plant type and leaf arrangements, and the leaf type. Remember, the closer you look, the more you'll find.
